WHY I'M RUNNING

Milton is growing quickly, and Ward 1 needs practical leadership that listens, plans ahead, and puts residents first. As a local realtor for over 10 years, I've worked closely with families, homeowners, tenants, and small businesses. I've seen firsthand how traffic, growth, housing pressures, and infrastructure decisions affect everyday life. I'm running to bring a strong local voice, common-sense leadership, and real accountability to Town Hall.

MY PRIORITIES

1. Fix Traffic & Improve Mobility

Support better traffic flow, safer roads, and smarter transportation planning for Ward 1.

2. Responsible Growth

Support growth that keeps pace with roads, parks, and services—and hold developers accountable.

3. Safe, Strong Neighbourhoods

Champion clean public spaces, community safety, and neighbourhoods that families are proud to call home.

4. Accessible & Accountable

Be easy to reach, communicate clearly, and keep residents informed on local decisions.
